Welcome to Week 5

Congratulations to Oliver Petrie and Chelsea Leonard who have qualified to compete in the Western Region Cross Country carnival to be held in Geurie on the 13th of June.

Last Wednesday the children were informed and entertained by Pastor Cameron Webber of the West Wyalong Community Church and his two helpers aka Quiz Worx. Students enjoyed the presentation of a puppet show with music and storytelling. Well done to all the children for being an amazing audience.

Joe Quade, and Jasmine and Jake Burns participated in the Mortimer shield last Wednesday in Temora. The children all enjoyed a chance to compete and meet other children who

also shared an interest in Rugby League and League Tag.

Tomorrow, the students will be travelling by bus to Beckom Public School to participate in the Wellness Focus Day. We look forward to the opportunity to participate in rotational group activities with other students who are from our small school network. Activities include healthy eating, dental hygiene, friendships, balancing life and technology and an introduction to Tai chi.

Next Wednesday, Stage 3 will be competing in the Small School Debating Competition. We are busily preparing in class and we are looking forward to the challenge. The debates will be conducted via video conference and parents and community members are more than welcome to

attend. Debate times will be confirmed in next week's newsletter.

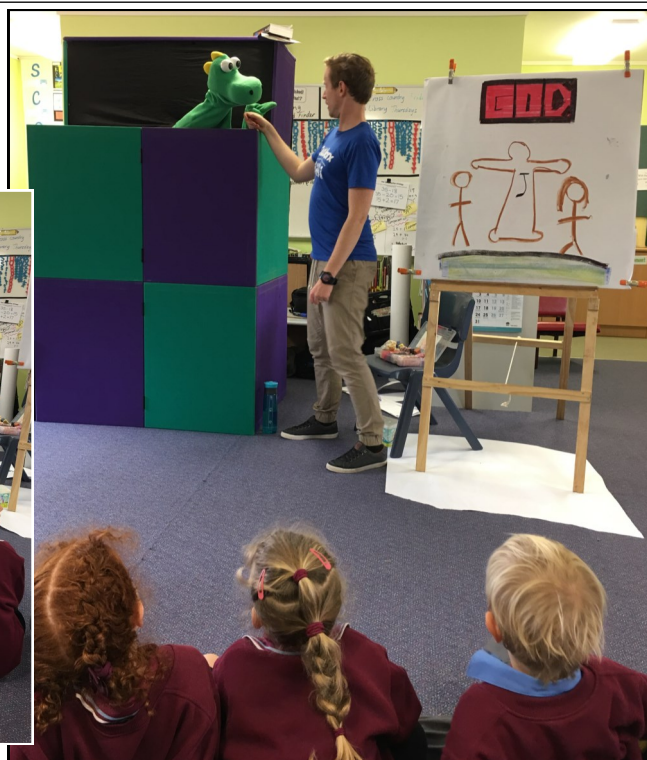

Tallimba Public School will be participating in the Australian Early Development Census (AEDC) data collection this week. The purpose is to gain an understanding of children's early development and identify where improvements can be made at school and what is being done well. An information sheet is attached for Kindergarten parents, giving more detail of how the information is used.

P & C meeting will be held at school this Friday. Please note the starting time has been changed to 1.30pm from 2.00pm.

Have a great week!

9. Drummuster

MORTIMER SHIELD

Right. Left

Kind of Day

Mrs Quade makes Maths a little more interesting using music and movement in teaching students about position in measurement and geometry. Students sang along and danced to Right, Left Kind of Day.
