Welcome to Week 2

Congratulations to all our students for the wonderful start to the school year. All students look spectacular in their school uniforms. A special mention to our Kindergarten students who have settled in extremely well.

Gardening started yesterday with the Infants class. Nell, our gardening coordinator, asks all children to bring a pair of gardening gloves which are clearly labelled. As part of the garden program, Nell is keen to cook with the children using the produce grown. This is very exciting.

Our swimming carnival is on this Monday. Thank you to the families who have sent back their permission notes. A reminder if you haven't returned your note to please do so tomorrow. This will allow us to

organise transport for students who need it. We are looking forward to seeing parents at the carnival. Some of you may consider volunteering as time keepers.

Stage 3 have the opportunity to nominate for the zone trials in a variety of sports. Nominations are due in this week.

Congratulations to Oscar Fleming who is our Citizen of the Week. Oscar displays our PBL values of respect, responsibility and citizenship in all aspects of school life. Well done, Oscar!

Have a great week!

Melanie Johnson

Relieving Principal

Swimming Carnival

9:30 @ the West Wyalong Swimming Pool

Monday 11th February

Don't forget your swimmers, towel, sunscreen, sunhat and a t-shirt.

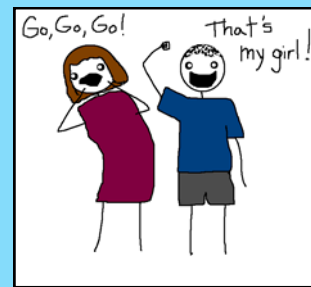

Please return notes before Friday.

House Colours are:

Talmore (RED)

Buralyang (BLUE)

We hope you can come along to support this school event and cheer these fantastic kids along.

GARDENING IN 2019 IS OFF TO A GREAT START!
