

TALLIMBA PUBLIC SCHOOL

A little school achieving big things

Term 4 — Week 8

Issue 38

Thursday, 1 December 2022

Coming Events:

Week 8 – Intensive Swimming all week

Thursday 1 December

- Kindergarten Orientation 9:00 – 12:00
- Middle School

Week 9 – Intensive Swimming all week

Thursday 8 December

- Kindergarten Orientation 9:00 – 12:00
- Middle School – last day

Week 10

Monday 12 December

- Year 6 Farewell

Tuesday 13 December

- Presentation Evening 6:30pm

Wednesday 14 December

- PBL Wrap Up at Holland Park Pool

Friday 16 December

- Last day of school for students

Week 11

Monday 19 December

- School Development Day (Teachers only)

Welcome to Week 8

Congratulations to Nicholas Quade who is our Citizen of the Week. He contributes positively to all aspects of school life and upholds our school values of respect, responsibility, and citizenship. Fantastic effort, Nicholas!

This week's focus for PBL is *Valuing Learning*, which means taking pride in your work and always doing your best. We learn best when we concentrate and focus our attention on our learning. Learning new things gives us a feeling of accomplishment, boosts our confidence, and allows us to take on new challenges.

Thank you to all the students who have returned their library books. If you still have books on loan, please return them to the library as soon as possible. If you have received an overdue notice and cannot locate the books listed on the notice, please sign the notice and return it to the library. This ensures all books on loan are removed from student records, ready for a fresh start in 2023.

Intensive Swimming is up and running with our students engaging in the activities with great enthusiasm. This program will continue next week. Students are reminded to bring swimmers, rash shirt, towel, sunscreen, goggles, hat, warm clothes if it is a cold day, water bottles and a plastic or reusable bag for wet items.

Middle School for Year 6 will conclude next week, Thursday, 8th of December. Year 6 students will attend Tallimba Public School as normal during the last week of school.

Congratulations to Mary Quade who won 1st place in the Electricity Safety Week competition. Mary received her trophy and prize this week. Part of her prize was \$1000 for the P & C. Congratulations to all the other students who also participated and thank you Miss Lord for organising.

Thank you to the parents who contributed feedback at our P & C meeting. It is an important part of our yearly school plan review, as it helps to define future directions. If you haven't already completed the survey which was emailed to all families, I would appreciate you taking the time to do so. Your feedback is invaluable and an important part of our school/family partnership.

Congratulations to Clare Hueske and Hannah Quade who were drawn out of the Positive Behaviour for Learning (PBL) Reward Ticket box and are our PBL Stars of the week. Good luck in next week's draw.

Have a great week!

Kindergarten Orientation

Next Thursday, 8th December is the last Kindergarten Orientation and will run from 9:00am to 12 noon.

Week 8

**Parents and
Community Members**

You're invited

to attend our

Presentation Evening

Tuesday 13th December 2022

6:30pm

at Tallimba Public School

The P&C will provide a light supper at the conclusion of the presentation

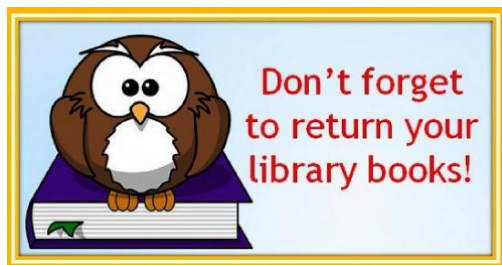

School Swimming and Water Safety Program

Intensive Swimming will continue next week, Monday 5th of December to Friday 9th of December. The students will depart from school by bus for West Wyalong Swimming Pool after lunch, at 12:20pm and return to school at 2.55pm in time to catch school buses home.

Students will need: Swimmers, a rash shirt, towel, sunscreen, goggles, hat, warm clothes if a cold day, water bottle, plastic or reusable bag for wet items.

Thongs can be worn to, from and while at the pool. Enclosed shoes must be worn to school.

The library is now closed for borrowing. Students will need to return any outstanding loans they have as well as any classroom readers.

Attention Year 6 Families

Miss Forrest is currently gathering photos of the Year 6 students. She would appreciate if families can please email a baby photo of your child to amber.forrest3@det.nsw.edu.au.

Be a Safety Star

Congratulations to **Mary Quade** who won 1st place in the Electricity Safety Week competition. Mary received her trophy and prize this week.

Congratulations to all the other students who also participated.

Whole School Mathematics with Mrs Quade

For the remainder of this term, the whole school focus in Mathematics will be on chance. Stage 1 has been involved in activities relating to everyday events using the language 'likely', 'unlikely', 'certain' or 'impossible'. This might include statements such as 'If I roll the die, it is impossible that I roll a 7'.

Stage 2 have been exploring chance experiments, considering the possible outcomes of choosing from three different coloured t-shirts and a pair of shorts, for example. Ordering the chance of events occurring and the chance of everyday events happening at the same time or not, are other areas of focus for Year 3 and 4.

In Stage 3, students have been recognising that probabilities range from 0 to 1 and begin by using chance words on an interval from zero to one, to order these words. We are working towards observing the frequencies across experiments with expected frequencies. For example, on a spinner, green is more likely to occur than red or grey or blue, when green is half the area of the spinner. At the end of Stage 3, students are also describing probabilities as fractions, decimals and percentages.

MRS QUADE'S PICK OF THE PACK

Go Fish

Collecting and solving doubles

[Stage 1 Thinking mathematically resource - Go fish - collecting and solving doubles \(google.com\)](#)

How to play

- Each player gets 7 cards. The rest of the cards are placed in a pile in the middle as the draw pile.
- Players try to make matches, that is, pairs of cards that are the same.
- Once players can't make any more matches using their own cards, they can take turns to ask their opponent for a card.
 - If their opponent has a card of that number they must give it to the asking player.
 - If they don't, they say 'go fish' and the player gets a card from the central pile of cards.

- For the player to keep the match they must solve the doubles fact. For example, if a player collected a double 9, they must solve and say 'double 9 is 18' to their opponent.
- If at any point a player has no cards left, they can pick up another 7 cards from the draw pile.
- Play continues until there are no cards left in the draw pile and/or all matches have been made.
- The player with the most matches at the end is the winner!
